Flag (Bandiera)/Ownership (Intestazione)	BAHAMAS - COMPANY

Asking price (Prezzo di richiesta) € 11.500.000,00 ex Vat

Accommodation/Interni

EXTERIOR AREAS

BESO's exterior spaces reflect the unmistakable Riva DNA, combining sleek contemporary lines with generous areas dedicated to outdoor living. The yacht's profile is enhanced by extensive glazing, refined detailing and beautifully integrated deck spaces, creating a strong visual connection with the sea.

- The **aft cockpit** offers a welcoming social area directly connected to the main saloon, with generous seating and dining arrangements overlooking the stern. From here, access leads naturally down to the spacious swim platform and beach area, while the stern garage provides dedicated storage for both tender and jet ski.
- The **foredeck** is conceived as a private relaxation area, with a large sunpad and forward-facing seating, creating an ideal setting for enjoying the surroundings either underway or at anchor. A manually operated awning with carbon poles provides additional shade when required, further enhancing the versatility of this area.
- Above, the expansive **flybridge** represents one of BESO's principal outdoor living areas. Configured with generous lounging, dining and sunbathing spaces, it offers excellent panoramic views and a relaxed atmosphere for entertaining guests. The layout has been customised from the standard configuration, while a dedicated wet bar with refrigerator, sink and grill makes the area particularly well suited to extended outdoor living.

A number of subtle custom details distinguish BESO from a standard specification, including **grey caulking to the exterior teak, bespoke exterior upholstery, dual-colour underwater lighting and customised cockpit and flybridge layouts**. These details reinforce the yacht's individual character without detracting from the clean, timeless aesthetic for which Riva is known.

INTERIORS

BESO's interiors combine the contemporary elegance of the Riva 102' Corsaro Super with a highly individual specification, creating a sophisticated yet welcoming atmosphere throughout.

The interior décor is characterised by **high-gloss Rosewood**, complemented by carefully selected marble, lacquered finishes, leather details and soft furnishings. Extensive glazing brings natural light deep into the interior and enhances the sense of space, particularly within the main saloon and dining areas.

- The **main saloon** has been configured with a bespoke layout and offers a refined lounge arrangement aft, flowing naturally towards the formal dining area forward. The dining space itself has also been customised and features parquet flooring, providing a subtle contrast to the softer finishes used throughout the saloon. Electric curtains, ambient lighting and upgraded entertainment systems further enhance the comfort and contemporary character of the space.
- Forward on the main deck, the **Owner's Suite** offers a private and generously proportioned retreat, with large windows, extensive storage, a dedicated dressing area and a substantial en-suite bathroom. The combination of Rosewood, leather detailing and upgraded marble finishes creates a sophisticated residential feel while remaining unmistakably Riva in character.
- The lower deck accommodates **four additional guest cabins**, comprising three double cabins and one twin, each with its own en-suite bathroom. This arrangement provides excellent flexibility for family use or entertaining guests, while maintaining a high degree of privacy throughout the accommodation deck.

Particular attention has been given to materials and detailing throughout the guest accommodation, with **custom carpeting, upgraded marble selections, electric blackout curtains and bespoke décor choices** contributing to a cohesive and highly refined interior scheme.

Navigation equipment/Strumenti per la navigazione

NAVIGATION & COMMUNICATION

- **Upgraded SIMRAD navigation package**
- Upgraded main helm display
- Upgraded flybridge helm display
- Integrated radar, GPS, chartplotter and echo-sounder system
- Four 16" touch displays at the main helm station
- 16" multifunction touch display on the flybridge
- Autopilot with rudder angle indicator
- VHF/DSC radio
- Vessel monitoring and alarm system
- CCTV monitoring system
- **5G internet system**
- **KVH satellite TV system**
- 4G modem

The main helm features an integrated navigation and monitoring system with four 16" touch displays, complemented by a dedicated multifunction display and navigation equipment on the flybridge.

On Board Equipment/Equipaggiamento di Bordo

STABILISATION, MANOEUVRING & PROPULSION

- Twin **MTU 16V 2000 M96L** main engines
- **Dual stabilisation system combining Gyro stabiliser and zero-speed / underway fin stabilisers**
- Hydraulic bow thruster
- Stern thruster
- Additional manoeuvring / helm station with bow and stern thruster controls
- Electric steering system
- V-Drive transmission
- Trim interceptors

The yacht's specification confirms the zero-speed and underway fin stabilisation system, while the original Riva options package includes the additional Gyro stabiliser.

EXTERIOR & DECK EQUIPMENT

- **Custom flybridge layout**
- **Custom aft cockpit layout**
- Bow sunbathing and lounge area

- Bow awning with carbon poles
- Flybridge shading arrangement
- **Grey caulking to exterior teak**
- Bespoke exterior upholstery
- **Dual-colour underwater lighting**
- Tender launching system
- Jet-ski launching system
- Stern garage suitable for **tender and jet ski**
- Electro-hydraulic stern garage hatch
- Electro-hydraulic gangway with teak flooring
- Stern lifting platform
- Carbon-look and teak swimming ladder
- Flybridge wet bar with sink, refrigerator and electric grill
- Twin electric anchor windlasses
- Twin stern warping winches
- Teak decking to exterior guest areas

The stern garage is designed to accommodate both a tender and a jet ski, while the flybridge incorporates a complete outdoor bar arrangement with refrigerator, sink and electric grill. The custom exterior treatments and additional options are detailed in the original Riva configuration.

INTERIOR COMFORT & CUSTOMISATION

- **High-gloss Rosewood interior**
- Custom main saloon layout
- Custom dining area layout
- Parquet flooring in dining area
- Bespoke marble selections
- Custom guest-cabin carpeting
- Bespoke interior décor package
- **Electric curtains**
- **Electric blackout curtains in guest cabins**
- Upgraded ambient lighting package
- Dimmers throughout guest and social areas
- Custom marble detailing
- Upgraded bathroom and shower finishes
- Extensive leather and lacquered detailing throughout the interior
- Enhanced storage solutions throughout guest accommodation

The interior specification includes extensive use of wood, leather, lacquered surfaces and custom finishes throughout the saloon, dining area and accommodation spaces. The additional décor and material upgrades form part of BESO's original custom option package.

AUDIO / VISUAL & ENTERTAINMENT

- **Upgraded TV package throughout**
- **75" TV in main saloon**
- **50" TV in Owner's Suite**
- TVs in VIP and guest cabins
- Satellite TV system
- **Custom interior audio system**
- Upgraded speaker package
- Additional subwoofer

- Custom exterior audio system
- Hi-Fi systems throughout guest and social areas
- Bluetooth audio connectivity
- USB charging outlets throughout the interior

The standard specification already provides dedicated entertainment systems throughout the main guest areas and cabins, while BESO benefits from an extensive upgraded audio/visual package.

GALLEY & DOMESTIC EQUIPMENT

- **Upgraded Miele galley appliances**
- Side-by-side refrigerator / freezer
- Induction hob
- Combination electric oven
- Dishwasher
- Extractor hood
- Washing machine
- Dryer
- **Seafari watermaker**
- **Hamann black-water treatment system**
- Super Tropical air-conditioning system
- Dedicated crew dinette and utility area

The galley is comprehensively equipped and complemented by a separate crew utility area with washing machine and dryer. BESO is also equipped with the upgraded domestic and water-treatment systems specified in her original option package.

TECHNICAL EQUIPMENT

- Twin **32 kW generators**
- Watermaker
- Super Tropical air-conditioning
- Automatic battery charging systems
- Shore-power isolation transformers
- FM200 engine-room fire-extinguishing system
- Smoke detection and alarm system
- Engine-room CCTV
- Automatic bilge pumping system
- Fresh-water pressure system
- Grey-water system
- Black-water system
- Sea-water fire-fighting system
- Anchor-chain wash-down system
- Soundproofed engine-room bulkheads

The technical specification includes twin 32 kW generators and a comprehensive range of safety, electrical, bilge and water-management systems.

FACTORY CUSTOMISATION HIGHLIGHTS

BESO benefits from an extensive original Riva options package, with particular emphasis on stabilisation and onboard comfort, interior customisation, upgraded navigation and

communication systems, enhanced audio/visual equipment and extensively customised exterior living areas.

Of particular note is her dual stabilisation configuration, combining both Gyro stabilisation and zero-speed / underway fin stabilisers, providing exceptional levels of comfort both at anchor and while cruising.

Additional Info/Altre Informazioni

BESO is an exceptional example of the Riva 102' Corsaro Super, combining the unmistakable elegance of Riva with contemporary Italian design, generous volumes and exhilarating performance.

Built in 2023 and delivered as a 2024 model, this 31-metre motor yacht offers a compelling combination of style, comfort and performance. Her distinctive profile, extensive glazing and beautifully proportioned exterior areas create a seamless connection with the sea, while her refined interiors showcase the craftsmanship, materials and attention to detail for which Riva is renowned.

With an impressive **171 GT**, BESO offers remarkable volume for a yacht of her size. Her highly desirable **five-cabin layout** includes an elegant Owner's Suite on the main deck, complemented by four guest cabins on the lower deck, providing excellent privacy and comfort for family and guests.

Expansive social areas extend from the sophisticated main saloon and dining area to the generous aft cockpit, foredeck lounge and impressive flybridge, creating multiple environments for entertaining, dining and relaxation.

Powered by **twin MTU 16V 2000 M96L engines**, BESO delivers an exhilarating top speed of approximately **28 knots** and a comfortable cruising speed of around **24 knots**, combining the performance expected from Riva with excellent comfort both underway and at anchor.

Particularly noteworthy is her **extensive factory specification and level of customisation**, incorporating numerous upgrades to her interior décor, navigation, entertainment, exterior spaces and onboard systems.

KEY FEATURES

- **Built in 2023 / 2024 model and delivery**, representing a very recent opportunity within the Riva 102' Corsaro Super range.
- **171 GT of volume within a 31-metre platform**, providing impressive interior and exterior living spaces.
- **Five-cabin guest layout**, with the Owner's Suite located on the main deck and four additional guest cabins on the lower deck.
- **Twin MTU 16V 2000 M96L engines**, delivering approximately 24 knots cruising and 28 knots maximum speed.
- **Zero-speed and underway fin stabilisation**, providing enhanced comfort both at anchor and during navigation.
- **Highly customised Riva specification**, including bespoke saloon, dining, cockpit and flybridge layouts, together with extensive décor and equipment upgrades.
- **Distinctive high-gloss Rosewood interior**, complemented by upgraded marble, parquet,

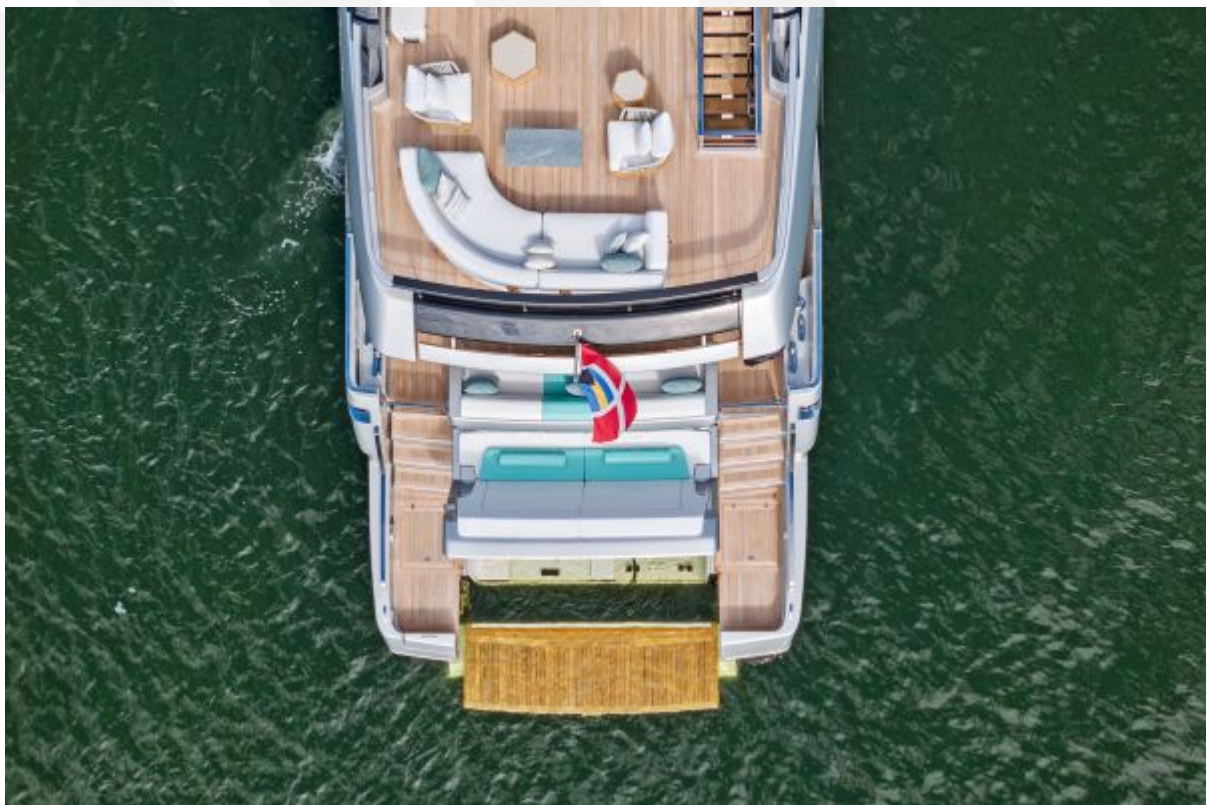

carpeting and bespoke interior finishes specified by the Owner.

- **Upgraded onboard equipment**, including enhanced SIMRAD navigation, electric curtains and blackout systems, custom interior and exterior audio, underwater lighting and watermaker.
- **Generous outdoor lifestyle areas**, with an extensive flybridge, foredeck lounge, aft cockpit and hydraulic swim platform.
- **Stern garage designed to accommodate both tender and jet ski**, complemented by dedicated launching systems.

A particularly well-specified and extensively customised example of the Riva 102' Corsaro Super, BESO combines recent delivery, impressive volume, a highly desirable five-cabin arrangement and true Riva performance in one of the most distinctive yachts in her class.
