Navigation equipment

AIS, Autopilot, Chain counter, Chartplotter, chronometer, Compass, Co-pilot seat, Depth Sounder, Display, DSC vhf, Dynamic positioning system, Electronic engine control, GPS, Log, Odometer, On-Board Computer, Radar, Radar Antenna, Rudder angle indicator, VHF Radio

Staging and technical

Anchor, Anchor Chain Washdown, Auto Dynamic Trim Interceptor, Automatic Bilge Pump, Batteries, Bilge Alarm, Bow Thruster, Bow Winches, cockpit table, Compressor Air System, Courtesy Lights, Deck Shower, Directional Spotlight, Electric Bilge Pump, Electric Engine Compartment Opening, Electronic instrumentation repeater, Engine Alarm, Entry door, Fire Extinguishing System, Flaps Indicators, Folding cleats, Fume/Gas Detector, Gangway, guard rails with gates, Hard top, Headlights fixed on the stem, Horn, Hydraulic Flaps, Hydraulic Windlass, Life Raft, Manual Bilge Pump, Platform, Saddles for tender, Shorepower connector, Spare shaft, Stabilizers (CMC MITSUBISHI), Stern Thruster, Stern Winches, swimming ladder, Teak Deckhouse, Teak Cockpit, Teak Side Decks, Tender Crane, Twin Steering, Underwater lights, Washbasin in the cockpit, Waste Water Purifier System, Water harbor connector system, Water pressure pump, Winch Hydraulic

Domestic Facilities onboard

12V Outlets, 220V Outlets, Air Conditioning, BBQ/Grill, Black Water Tank, Domotic Controller, Electric Toilet, Garbage Disposer, Heater, Interior wooden floor, Internet Connection, Intrusion Alarm, Inverter, Inverter Air Conditioning, Light Dimmer, Safe, Video camera, Warm Water System, Waste Water Plant, Watermaker

Security equipment

Barometer, Binoculars, Chart tools, E.P.I.R.B., Emergency Handheld Fires, First aid kit, Life Jackets, Lifebuoy With Safety Rope and Light Buoy, Liferaft, Nautical charts, Parachute flares with red light, PFDs, Radar reflector, Safety equipment beyond 50 miles, Safety equipment within 3 miles, Safety equipment within 6 miles, Safety equipment within 12 miles, Safety

equipment within 50 miles, Smoke buoy

Entertainment

DTV, DVD, Hi-Fi (BOSE), Home Theater, Play Station, Radio AM/FM, Satellite Decoder, Satellite TV antenna, Speakers, TV, TV Lift Mechanism, TV Ready

Kitchen and appliances

Burner, Central Vacuum System, Ceramic hot plate, Coffee Machine, Deck Refrigerator, Dishwasher, Dryer, Freezer, Galley, ICE Maker, Icebox, Microwave Oven, Oven, Refrigerator, Washer, Washer dryer, Winecooler

Upholstery

Blackout Curtains, Bow Cushions, Cockpit Cushions, Cushions, Electric Canopy, Fly Bridge Cuscions, Instrument Cover, Mosquito nets, Seat Cover, Sprayhood, Stern Cushions, Sunbathing deck, Sunshade, Window Cover

Notes

The Azimut 80, built in 2015, is an outstanding example of Italian engineering and design in the world of luxury yachts. With a total length of 25.2 meters and a beam of 5.96 meters, this motor yacht is the perfect combination of aesthetic elegance and technical functionality, designed to offer an unparalleled sailing experience.

The Azimut 80 is equipped with two powerful MAN V12 engines of 1550 hp each, which allow it to reach a maximum speed of 28 knots and a cruising speed of 24 knots, with a range of about 280 nautical miles. The boat is equipped with a number of advanced technical components, including KOHLER generators, CMC zero-speed stabilizers with ultra-quiet Mitsubishi control, which offer unparalleled comfort while minimizing roll, both while sailing and at anchor.

To further improve maneuverability, the Azimut 80 is equipped with hydraulic bow and stern thrusters manufactured by Side Power, which facilitate maneuvering in port. The flybridge is one of the strengths of the boat: equipped with a hardtop with an electric sunroof, it houses a spacious sunbathing area and a hot tub with controller updated in 2023, ideal for enjoying moments of relaxation outdoors. In addition, the flybridge has an

electric awning with wind sensor, which protects guests from the sun and wind, ensuring comfort in all weather conditions.

The bow of the boat is equally well designed, offering a large sunbathing area with cushions and cozy sofas, and a height-adjustable teak table, ideal for alfresco dining or relaxing moments. The entire area is paved in teak, a material that adds a touch of elegance and guarantees durability over time. The aft cockpit is designed for maximum comfort and functionality, with a table for 10 people, teak chairs, a Kenyon barbecue, refrigerator and ice maker, all protected by a seasonal closure installed in 2023.

The aft platform is hydraulic and equipped with retractable cleats and a custom aluminum ladder, making it easy to access the sea. To improve aesthetics and safety during the evening hours, the Azimut 80 is equipped with blue underwater lights that illuminate the surrounding area. The maintenance of the boat has been carefully managed, with a completely renewed application of antifouling and Prop speed in 2023, ensuring that the boat is always in optimal condition.

In summary, the Azimut 80 is a yacht designed for those who do not compromise. Each component has been chosen to ensure the maximum in terms of performance, safety and comfort, turning every journey into an unforgettable experience.

INTERIORS

Main Deck

The interiors of the Azimut 80 are the result of careful design that combines luxury, comfort and functionality in every detail. As soon as you enter the main salon, you are greeted by a bright and refined environment, made possible by the large windows that allow natural light to flood the space. The living room is furnished with two large three-seater sofas, a central coffee table and a solid wood dining table for eight people, surrounded by designer leather chairs. The kitchen, separated by a sliding door, is fully equipped with high-quality appliances, including a Miele induction oven and hob, a full-size refrigerator, and a dishwasher, offering everything you need to prepare gourmet meals.

Lower Deck

The sleeping area is located on the lower deck and includes a luxurious owner's suite, furnished with a central king-size bed, a large sofa and armchairs, and a large marble en-suite bathroom with teak shower and Turkish bath. Guest cabins include a VIP cabin with a double bed and two cabins: one double and one twin with flat beds, all equipped with en-suite marble bathrooms and high-quality audio-visual systems. Each cabin has been designed for maximum comfort, with large wardrobes, gentle lighting and premium materials. The crew also has dedicated and well-organized spaces, ensuring efficiency and privacy.
