

PRINCESS V45

PRINCESS V45

The Princess V45 combines class leading accommodation with elegant looks and a performance which is truly V Class.

A sleek deep V hull, generous fuel capacity and twin stern drives ensure agile and efficient performance with an extended cruising range.

The large cockpit incorporates two seating areas and a large sunbed as well as a garage for a jet RIB and the option of a hardtop with opening sunroof.

The V45 offers a flexible layout that is comparable with much larger craft.

The lower deck is spacious and flexible with a level of equipment, furnishings and finish that places her ahead of her class.

The en-suite master and guest cabins share a contemporary, relaxed style. The aft cabin can be specified with sliding berths for greater flexibility and the large U-shaped saloon can be converted to provide additional sleeping space for occasional guests.
