Portofino 47 Fly

The main dashboard panel is white and features a central Raymarine C90 display. To the left of the display is a Yanmar IS601E engine monitor and three analog gauges. To the right is another Yanmar IS601E engine monitor and three analog gauges. Below the central display is a Raymarine C90 control panel with various buttons and a rotary knob. The panel is labeled 'Portofino 47 Fly'.

Raymarine

A Raymarine electronic display unit with a screen and several buttons, including a red emergency stop button.

DOWN DOWN

UP UP

A control panel with four buttons arranged in a 2x2 grid, labeled 'DOWN', 'DOWN', 'UP', and 'UP'.

A circular compass rose with a white face and black markings, showing cardinal and intercardinal directions.

A row of five toggle switches, each with a different icon or label.

LEWMAR

THRUSTER WARNING

A circular Lewmar thruster warning label with a starburst design and text.

R R

N N

SELECT SYNC

A Lewmar dual-engine throttle control with two levers, each labeled 'R', and a central control panel with buttons labeled 'N', 'N', 'SELECT', and 'SYNC'.

A large wooden steering wheel with a silver metal hub and spokes.
