## TECHNICAL SPECIFICATIONS

---

### MACHINERY

---

- Volvo Penta 110 HP
- NMEA interface Volvo Penta
- Engine hours 430 h
- Max Prop Boomerang propeller
- Rope cutter on the propeller shaft
- Inox Diesel tank 385 lt.
- Volvo Penta electronic engine control on the starboard console
- Generator Fischer Panda 8000i, 6.4 kW

### INTERIOR & CONFORT

---

- 2 toilets with showers
- Oak interiors
- Air conditioning
- Twin beds in the starboard aft cabin
- Additional access door in the starboard aft bathroom
- Galley's worktop in Corian
- Bathrooms' countertops in Corian
- Washer-dryer - 6kg mounted in starboard bathroom
- "Prestige" package for the interiors
- Schenker watermaker, 150 lt/h - 24V, modular
- Dishwasher
- 2 electric toilets model Planus 24V
- Electric deep refrigerator
- Additional 2-drawers electric refrigerator, stainless steel
- Additional 75 Ah battery for the engine starting, 12V
- 2 additional 115 Ah (C20) batteries for the services, 24V
- Inverter 24V 2500W, Mastervolt
- LED lighting system
- Indirect lighting in the master cabin, the saloon and in the galley
- 6 220V sockets (in each cabin and in the bathrooms)
- Additional hatch in owner cabin
- Modification of port bathroom into storage area
- Special mattresses in the master cabin

## INSTRUMENTS & ELECTRONICS

---

- Raymarine navigation pack including: 4 displays model I70s
- Autopilot display P70S, EV1- ACU400, 24 V rotary mechanical drive
- VHF Raymarine 63 including Raymic second unit in cockpit
- Axiom Pro 9 multifunction display, Hybrid-touchscreen (9" screen)
- Navionics+ chart "Mediterranean and Black sea", NAV+43XG).
- GPS antenna model RAY 150, Raymarine
- Raymarine Transponder AIS 700 class B
- B&G multifunction display model Nemesis - 12" touchscreen display
- Raymarine Router WIFI
- Fusion MS-AV755 unit with AM/FM CD-DVD player, external USB socket
- Saloon and cockpit loudspeakers
- Remote control by App Fusion Link via Bluetooth connection and WiFi

## EXTERIOR LAYOUT & RIGGING

---

- Painting of the hull Awlcraft 2000 Majestic Blue
- Side decks covered with teak (grey caulking)
- Coachroof covered with teak (grey caulking)
- Bathing platform covered with teak (grey caulking)
- 4 electric winches model Harken Performa 70
- Electric retractable mooring winch, Sanguineti 1000W 24V
- 2 additional portholes in the cockpit, for the aft cabins
- Bimini for the guest's cockpit with snood
- Sprayhood with GRP cover
- 4 stainless steel folding cleats
- 2 stainless steel folding cleats amidships
- 2 extra folding cleats aft for spring lines
- 2 stainless steel grabrails on deck, at the entrance
- Cockpit table with teak folding wings, stainless steel fixing base and storage compartment
- Protection cover for the cockpit table
- Roller to drop and lift out the tender
- Folding anchor arm (manually operated)
- Removable teak foot rests
- Anchor control with chain counter (mounted on the steering console)
- Dyneema lifelines for the transom
- 2 steering console
- Carbo steering wheels, Y-shaped with cover
- Black painted aluminium mast
- Hall Spars carbon V boom
- Rod rigging
- Harken mainsail switch track
- Spreaders and boom lights
- 2 bags for the halyards in cockpit
- 2-ways power pack including 2 hydraulic pistons for the backstay
- Hydraulic vang and hydraulic outhaul integrated in the boom
- Electric jib furler Furlex TD
- Electric Code Zero furler Reckmann
- Fullbatten mainsail One Sails 4T 220 C Membrane
- Self tacking jib One sails 4T 220 C Membrane
- Code Zero 2,60 oz Laminat 152 m
- Gear for Gennaker and Code, including blocks and one set of sheets
- Code 0 halyard 2:1 with block
- Kit barber gennaker / Code Zero
- Lazy jack
- Tender Aermarine / Torquedo

#### SAFETY & ACCESSORIES

---

- Bow thruster
- Stern thruster
- Tender Aermarine / Torqeedo outboard
- Folding gangway in carbon fibre, covered in teak with stanchions
- 32 kg. Delta anchor / 75 mt. chain 10 mm.
- SeaCurity Offshore liferaft 8 Person
- Epirb Smartfind G8 AIS

## SPECIFICHE TECNICHE

---

### MOTORIZZAZIONE

---

- Volvo Penta 110 HP
- NMEA interfaccia Volvo Penta
- Ore motore 430 h
- Elica Max Prop a Boomerang
- Lame tagliacime su asse elica
- Serbatoio diesel inox 385 lt.
- Leva motore elettronica Volvo Penta alla console
- Generatore Fischer Panda 8000i, 6.4 kW

### INTERNI & CONFORT

---

- 2 bagni con docce separate
- Interni in rovere
- Aria condizionata in tutte le cabine
- Letti sdoppiati cabina di poppa destra
- Porta aggiuntiva per accedere al bagno di poppa destra
- Piano cucina in corian
- Piano bagni in corian
- Lavasciuga da 6 kg nel bagno di poppa
- Pacchetto "Prestige" per interni
- Dissalatore 24 v Schenker 150 lt/h
- Lavastoviglie
- 2 wc elettrici Planus
- Frigo standard a pozzetto
- Doppio frigo a cassetto in inox
- Batteria supplementare motore
- 2 batterie supplementari servizi
- Inverter 24V 2500W, Mastervolt
- Luci interne al LED
- Luci indirette in cabina armatore, dinette e cucina
- 6 prese 220 V in tutte le cabine e nei bagni
- Osteriggio supplementare in cabina armatore
- Modifica nel bagno di poppa sinistra trasformato in locale stivaggio
- Materassi speciali per letto cabina armatore

#### IMPIANTI & ELETTRONICA

---

- Raymarine navigation pack incluso 4 display Raymarine I70s
- Autopilota P70S, EV1- ACU400, 24 V, attuatore rotativo
- VHF Raymarine 63 incluso di postazione esterna Raymic
- Plotter Axiom Pro 9 multifunzione Hybrid-touchscreen
- Navionics con carta Mediterranean and Black sea
- Antenna GPS RAY 150
- Transponder AIS 700 class B Raymarine
- B&G maxi all'albero Nemesis - 12" touchscreen display
- Raymarine Router WIFI
- Stereo Fusion MS-AV755 con AM/FM CD-DVD player, con presa USB
- Casse stereo in dinette e in pozzetto
- Remote control by App Fusion Link via Bluetooth e connessione al WiFi

## SISTEMAZIONI ESTERNE & RIGGING

---

- Scafo verniciato Awlcraft 2000 Majestic Blue
- Passivanti in teak (comenti grigi)
- Tuga in teak (comenti grigi)
- Plancetta di poppa in teak (comenti grigi)
- 4 winches elettrici modello Harken Performa 70
- Winch da tonnellaggio Sanguineti 1000W 24V
- 2 oblò supplementari per le cabine di poppa
- Bimini per pozzetto ospiti
- Sprayhood con copertura in teak
- Tavolo pozzetto in teak con vano portaoggetti
- 4 bitte abbattibili per ormeggio in inox
- 2 bitte abbattibili in inox a mezzanave
- 2 extra bitte abbattibili in inox per spring di poppa
- 2 tientibene inox all'ingresso
- Tavolo pozzetto in teak con vano portaoggetti e copertura
- Rullo di alaggio tender
- Musone ancora abbattibile (funzionamento manuale)
- Puntapiedi amovibili in teak
- 2 console integrate sulle colonnine timone
- Controllo salpancora in pozzetto con contametri (montato alla console di dritta)
- Cancellotti di poppa in Dyneema
- Ruote timone in carbonio, raggi a "Y" con coperture
- Coperture per console
- Albero Sparcraft in alluminio verniciato nero
- Boma a V Hall Spars in carbonio
- Sartame in tondino
- Rotaia Harken switch per carrelli randa
- Luci crocette e luci boma
- 2 sacche portadrizze in pozzetto
- Centralina idraulica con doppio paterazzo
- Vang e tesabase idraulici
- Avvolgifiocco elettrico Furlex
- Furler elettrico Reckmann per Code Zero
- Randa fullbatten One Sails 4T 220 C Membrane
- Fiocco autovirante One sails 4T 220 C Membrane
- Code Zero One Sails 2,60 oz Laminat 152 m
- Attrezzature gennaker e Code Zero, incluso di bozzelli e scotte
- Drizza Code Zero 2:1
- Kit barber gennaker / Code Zero
- Lazy jack

The Solaris 55 was created to satisfy the most demanding owners who require high-performance navigation even with a small crew.

This model responds perfectly to the expectations of a boat that is easy to navigate even with only one or two people on board.

The Shipyard's design studio and the naval architect Javier Soto Acebal worked for fourteen months on fine-tuning down to the smallest details of this project which today represents the point of reference both on an aesthetic and functional level in the 16 metre segment .

The boat is well maintained, full optional , real alternative to the new, ready to sail with hull and deck just polished, antifouling and engine and generator serviced; can be viewed by appointment in Monfalcone.

Il Solaris 55 nasce per soddisfare gli armatori più esigenti che richiedono una navigazione prestazionale anche in equipaggio ridotto.

Questo modello risponde perfettamente alle aspettative di una barca che si presenta facile da navigare anche con solo una o due persone a bordo.

Lo studio di progettazione del Cantiere e l'architetto navale Javier Soto Acebal hanno lavorato per quattordici mesi alla messa a punto fin nei minimi dettagli di questo progetto che rappresenta oggi il punto di riferimento sia a livello estetico sia a livello funzionale nel segmento dei 16 metri.

La barca è ben tenuta, full optional, praticamente una reale alternativa al nuovo; pronta a navigare fin da subito con scafo e coperta lucidati, antivegetativa e tagliandi motore e generatore appena fatti; ed è visibile su appuntamento a Monfalcone.
